EDGE Science Fiction and Fantasy Publishing, Inc., United States, 2012. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book. Aloysius Spider Webb fixes time machines for a living. He hates his job; he hates his life, and hates time travel even more. He simply wants to get on with his life. He s a hard working -Australian bloke -- a good man in a bad -situation who is willing to do almost anything to regain his self-respect and the affection of his nearly -ex-wife, Molly; a mad sculptress on her way to international fame and fortune. Spider s life and his world are changing. -After quitting the Western Australian Police Service, Spider studied to become a time -machine repair -mechanic, eking out a sparse -living fixing broken down machines. But the -repair business isn t what it used to be. Once, time machines were as big as cars; but now they re smaller and compact, portable, and cost too much to get fixed so it s easier for people to simply buy a new one. Times are tough and there is no end in sight. Meanwhile, Spider s new boss at the Time -Machines Repaired While-U-Wait franchise needs help: his -secretly built, totally -illegal, -radically overclocked, hotrod time -machine has been stolen, and Spider is the right man to get it back before it falls into the wrong hands, or worse inadvertently destroys the entire universe. Spider s journey begins with a simple favor to help his almost ex-wife, Molly, and moves to the icy wastes of the far, far future. Surprise and shock are the only -constants in - Spider s life; why should this job be any -different?.
