China's economic library Applied Economics a boutique series (1): urban and rural development. employment. household registration. and land-use systems linkage study reviewed the related theory of urban and rural development at home and abroad and the new Chinese urban and rural institutional change course from employment. residence and land use of the three basic elements associated with the internal economy start of employment Reform. reform of the household registration system starting point. the reform of the land use system to support protection linkage reform innovative ideas. and then a comprehensive analysis of the Reform of the the system linkage reform in key areas that promote the system linkage reform should be based on central top-level design and local implementation of classifications to find potential

### Reviews

*This ebook is wonderful. I have got go through and so i am certain that i am going to likely to read through once again again later on. You will like the way the article writer compose this ebook.*

-- Miss Ariane Mraz

*This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).*
