LC Enterprises. Paperback. Book Condition: New. Paperback. 266 pages. Dimensions: 8.5in. x 5.5in. x 0.8in. Perhaps everything that frightens us is, in its deepest essence, something helpless that wants our love. - Rainer Maria Rilke Have you wrestled with uncanny, nightmarish imagery in dreams or waking and wondered if you were becoming unhinged one day, and enlightened the next? Life crises, trauma, deep meditation, prayer or inquiry can unleash surprisingly compelling yet scary, even revolting imagery and related feelings we have few maps to help navigate. Bringing a spiritual context to what most disturbs us, Sandra Dennis explores an eruption of strange and wild, compelling and repellent characters that she calls daimons from the unconscious that precipitated a descent into the dark recesses of her own psyche. The Greeks understood the daimon as the intermediary between gods and humans, the guardian spirit assigned at birth, connecting heaven and earth. These messengers come as agents of radical change. When we welcome them with understanding and compassion, they show they are here to expand consciousness and connect us with the healing qualities our world is waiting for. This book leads us to this growing edge of the psyche and invites our curiosity and caring. It charts a course of radical acceptance of experience -- no matter how painful or repulsive -- as absolutely necessary for our well-being and the well-being of the planet. Sandra Dennis outlines a simple method to navigate these alarming images and anxieties. Instead of treating them as perversions to banish, we are encouraged to embrace their primal power becoming more intelligent, loving and whole in the process. Embrace of the Daimon can help: Calm your concerns by understanding the role of these daimonic images in the larger context of growth to wholeness, or individuation. Find the courage to explore these...
