Fire Services in India: History, Detection, Protection, Management, Environment, Training and Loss Prevention

By S.P. Bag

Mittal Publications, New Delhi, 1995. N.A. Book Condition: New. Xii+320pp What is Fire Risk Management? How the profession and skills started and grew? How can fire fighters apply their system, techniques and the training needs? How to formulate emergency plan and environmental protection of fire fighters? Fire management approaches to the isolation and analysis of problems are describe along with the methods used to solve them effectively. This book contains diversified concepts of fire management functions. In its attempt to keep abreast of the development, the present edition has taken due note of risk-control measures and made a sincere attempt to incorporate the human resources management in its characteristic analytical and critical manner. In a nut-shell this book is the most authoritative, and comprehensive addition to the subject. There is little doubt that for its tired and proven utility, the volume will be considered as a valuable reference book on the shelf of fire-professionals, safety officers, security officers, industrial managers, risk control managers, company executives, researchers, fire engineering students and in fact every one who is in any way concerned with the fire risk management and loss prevention activities.
