Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - The first and most thoroughly developed audience-oriented argumentation text, *Argumentation and Critical Decision Making* presents argumentation as a cooperative, communicative process. The text examines the general principles of argument in a rigorous yet readable manner and then applies those principles to different spheres of life-law, science, religion, business, and politics-to explore how conventions of argument change when applied to these real-world arenas. Focusing on the dynamics of decision-making and using real-life examples to illustrate principles, this book aims to help readers develop practical argumentation skills within the world of their daily lives. 340 pp. Englisch.
